Dear, Hon. Judge Blewitt: (Chief U.S. Magistrate)
 RE: John Charles Kenney v. Jake Mendez Warden, et al.
 Recently while I was enroute here at ("FTC")
 Federal Transit Center, located in Oklahoma,
 Oklahoma City. I had sought a stay of (90)
 ninety-days to (120) one-hundred and twenty-days.
 In light of me being transferred, due to me
 not having access to my (Ct.) case file regarding
 the above referenced case. (My case file pertaining
 to the above case was shipped separately, yet I have
 not received it.). Once, I receive it I will
 notify the Court immediately. Recently this Hono-
 rable Court had granted me an extension to respond
 to case dispositive motions, and for me to file motions,
 as I deem fit. However, the extension was "stymied"
 by me being transferred. Therefore, I was unable
 to complete responses to defendants' motions.
 As a result, and due to these extenuating circumstances
 that were out of my control. That, I either
 seek a stay, or an additional extension. Note:
 Please take notice that, I am being held in
 isolation-segregation, even though, I have been
 transferred out of the jurisdiction. That an
 extension or stay of 90 to 120 days is "wholly"
 justifiable. Consequently, I am unable to
 determine if I am being retaliated for redress.
 Lastly, once I receive my personal property
 containing my case file, and I am released from isolation
 I will notify the Court immediately.
